ESEC SECURITY CONSULTANTS

Leveraging on Technology for creating safer and smarter world

About Us

- System Integrator/Authorized Partners for world leading security, automation and communication brands
- Our Network
 - eSec Corporate Office at Ahmedabad
 - Network Solution Partners in 5 States
- Top Management with proven professional experience in Indian Army, Reserve Bank of India, IT, ITES and Real Estate Industry
- Proven Experience in State of the art System Integration Projects.

Mission-Vision Statements

Mission

- To Act as a single window consulting, procurement , installation and ongoing service management solutions company with highest ROI for our clients.

Vision

- To be a preferred solution provider by implementing world class technology to improve security & safety standards, eliminating wasteful and inefficient processes and using smarter greener communication systems to overcome resource hungry and inefficient legacy systems.

Our Focus Markets

- ▣ Homeland Security
- ▣ Banking
- ▣ Industrial/Manufacturing
- ▣ Hospitality
- ▣ Healthcare/Hospitals
- ▣ Education
- ▣ Telecom/IT/Engineering/Infrastructure

Solutions/Service Offering

- ▣ Video Surveillance
- ▣ Payroll and Access Control Management
- ▣ Gate/Door/Shutters Automation & Parking Management Systems
- ▣ Fire Detection & Control
- ▣ Intrusion Control/ Burglar Alarms
- ▣ Satellite/Wireless/Network Communications
- ▣ Gate/Perimeter Security & Control
- ▣ Vehicle Tracking Solution (GPS,GPRS & GSM Integration)
- ▣ BMS & Smart Home Solutions
- ▣ Speciality Solutions
 - RFID based Asset Tracking
 - Library Automation/Management
 - Cattle/Zoo/Livestock Identification/Management

Video Surveillance

- ▣ Specialists in Network Based Video Surveillance Solutions
- ▣ Seamless Integration with existing LAN/Network
- ▣ Megapixel/HDTV Resolutions for flawless Video Quality
- ▣ Sophisticated Rule Based Analytics for people/vehicle counting, Foreign/Missing Object, Motion Detection, Camera Obstruction/Tampering etc. for event based surveillance.
- ▣ Limitless possibilities compared to legacy Analog Systems
- ▣ Wireless Surveillance Capabilities

Video Surveillance

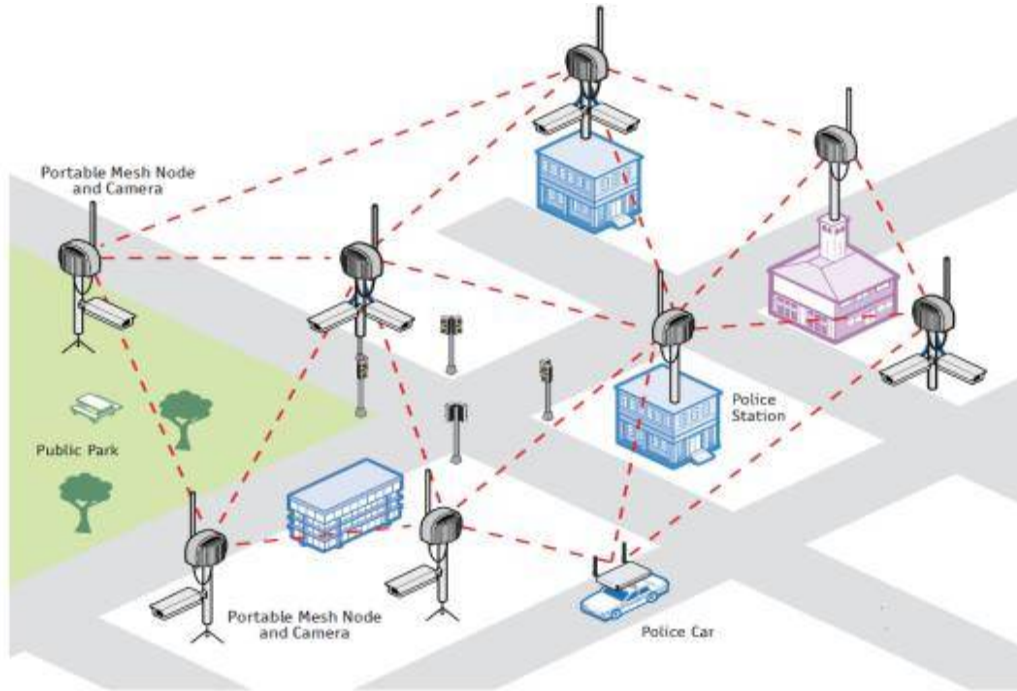

- ❑ Remote Viewing using Internet from Laptops, PDA's etc.
- ❑ Integration with Fire Sensors, PIR, etc.
- ❑ Power, Video, Data and Audio on a single network cable.
- ❑ Unlimited Data Storage, Archival and Retrieval.
- ❑ New age compression standards like MPEG 4, H.264

Video Surveillance

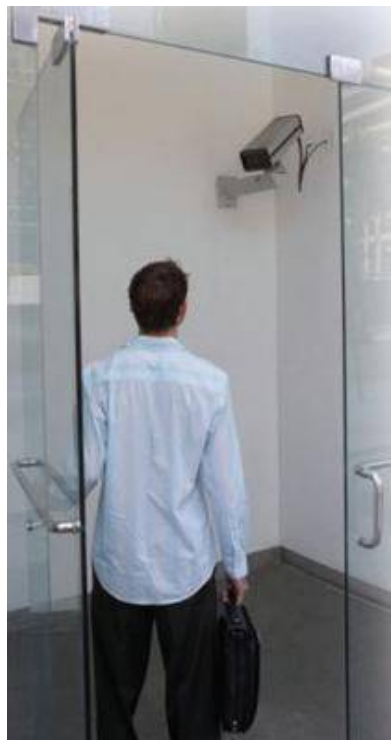

Wireless Video Surveillance

PAYROLL AND ACCESS CONTROL

- Card & Biometric Based Systems
- Seamless Integration with existing LAN/Network
- Web Based Attendance/Payroll/Access Management Software for detailed reports on shift attendance, Calculation of Payroll Data and Access Reports on restricted/controlled areas.
- Better control by H.O on branches by central control and reporting.
- Sturdy products to withstand Indian Climate and usage environment.
- Certified products with world class service backup.

PAYROLL AND ACCESS CONTROL

Automation & Parking Management Systems

- Reliable, versatile, cutting edge Electro-Mechanical and Hydraulic Opening Systems from Italy.
- Complete range of Gate/Door/Shutter Automation, Boom Barriers, Concealed Bollards, Flap Barriers, Spike Barriers, Axle Barriers, Tripod Turnstiles with readers and remote control.
- Parking Management System with Manned Cashier and Pay Station

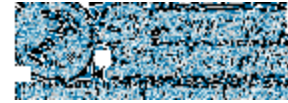

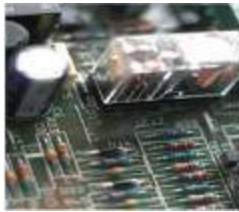

Automation & Parking Management Systems

Fire Detection & Control

- Fire Safety and control is a serious task as it is directly linked to life, asset and consequential business loss.
- Early Detection of Fire is imperative for a good fire safety installation.
- Addressable and Conventional Fire Detection Systems.
- Fire Signs and Evacuation Planning.
- Fire Control using Extinguisher, Hydrant System and passive techniques

Fire Detection & Control

Intrusion Control/ Burglar Alarms

- Commercial and Residential Sector is witnessing intrusion/burglary threats/vulnerability like never before.
- We offer futuristic, robust and reliable intrusion system for accurate detection of unauthorized access.
- Instant Alarm Generation, Reporting to central monitoring station, disposal of alarm as per the priority of property stakeholders.
- Wired and Wireless Components.
- Pet immunity to overcome false alarms.
- Partial Arming/Disarming for smart monitoring.
- Three stage fully redundant alarm reporting.

Intrusion Control/ Burglar Alarms

AUDIO/VISUAL SOLUTIONS

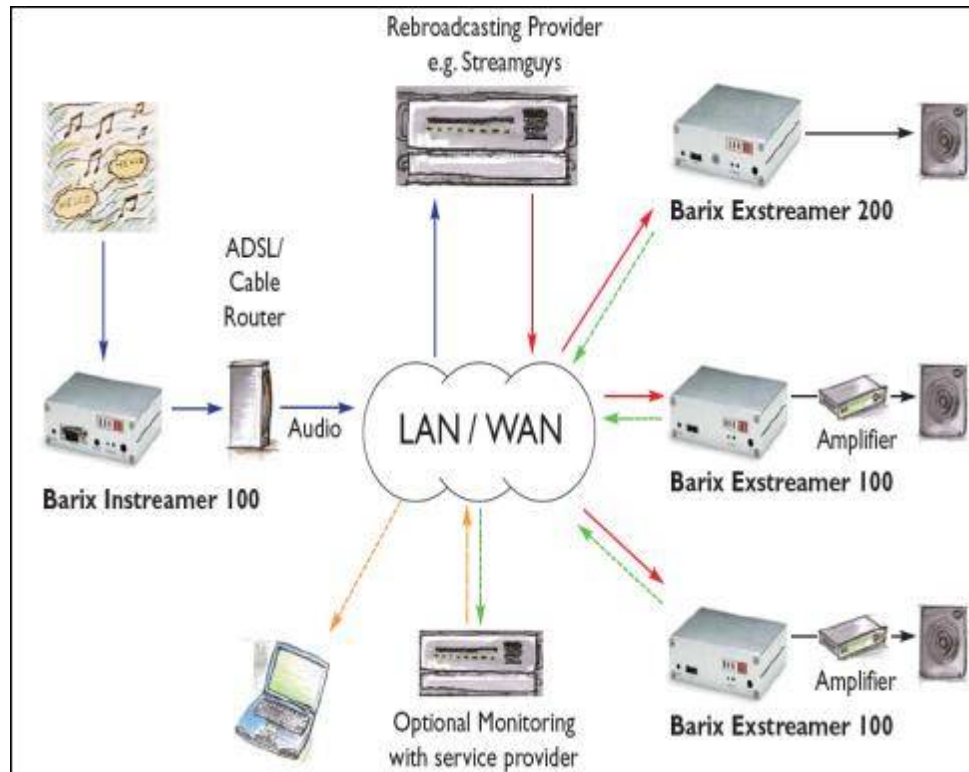

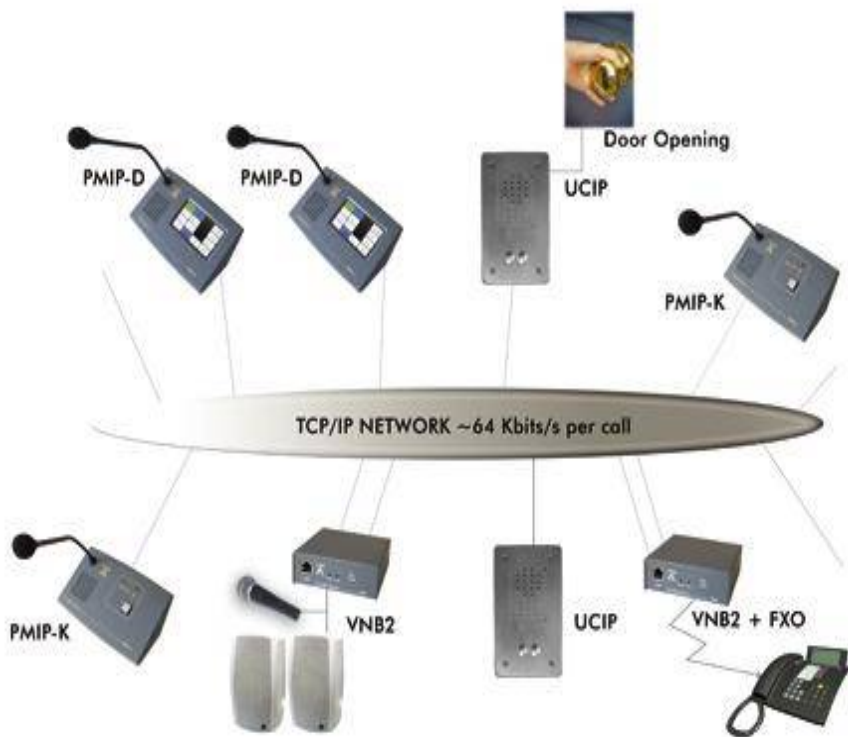

- ▣ Voice Evacuation Systems
- ▣ Public Address Systems (Analog and Digital)
- ▣ Professional Audio/Video Applications
- ▣ Projection, Retail Displays, Home Theatre Applications
- ▣ Acoustics Solutions
- ▣ Counter Intercom Products
- ▣ End-to-End Solutions for corporate offices, public buildings, factories, stadiums, airports, railways stations etc.
- ▣ Next Generation IP based Digital Sound with state of art sounds design and management

AUDIO/VISUAL SOLUTIONS

AUDIO SOLUTIONS

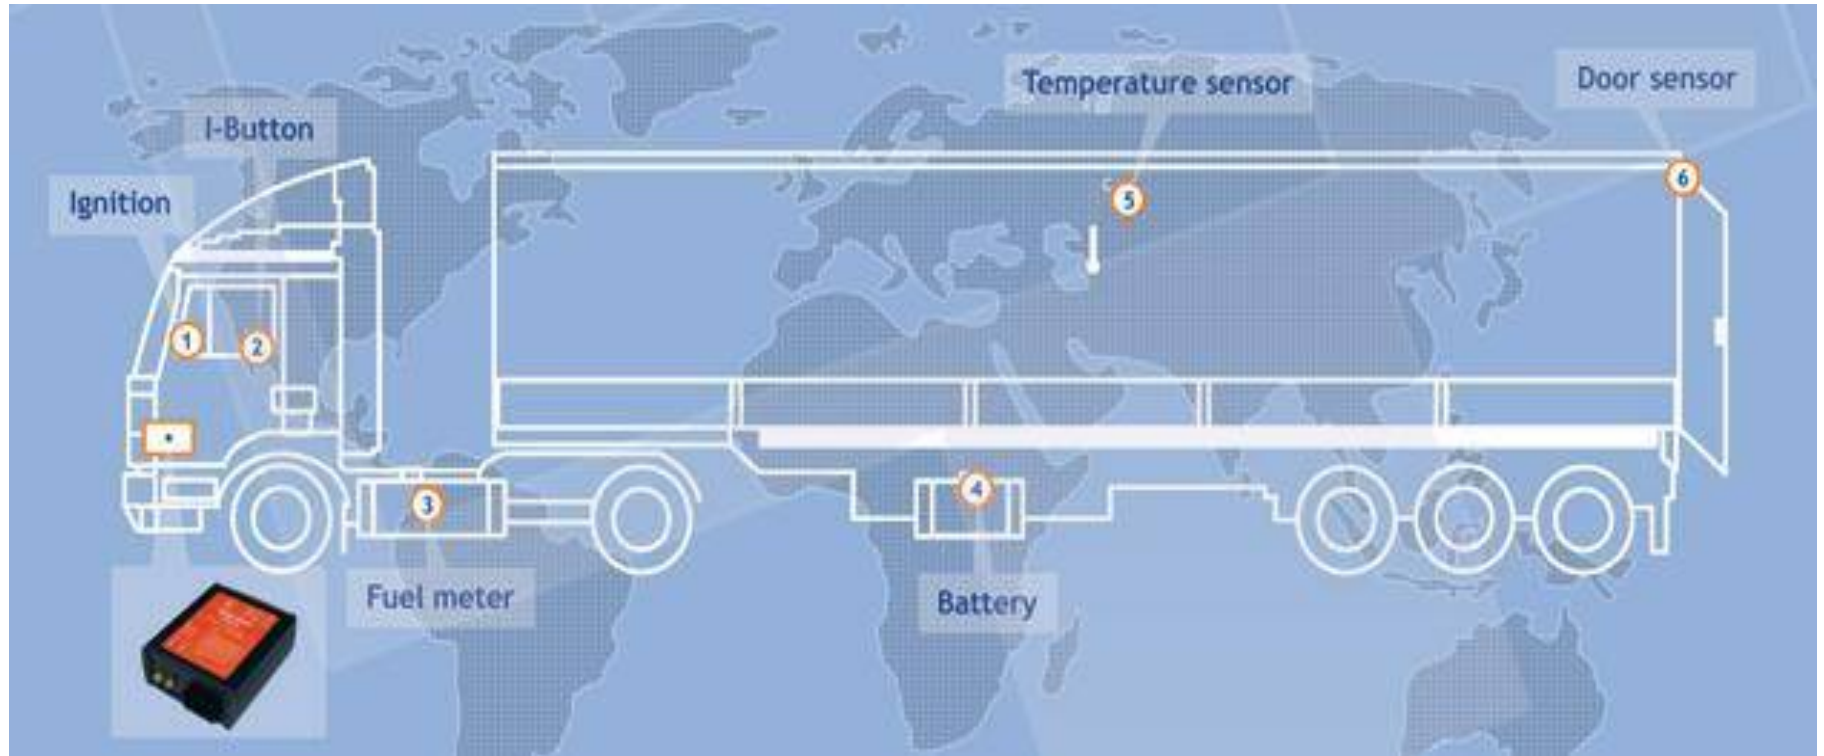

Vehicle Tracking Solution (GPS,GPRS & GSM Integration)

- Solutions for Fleet Management functions such as routing, dispatch, on-board information, security etc .
- Use of state of art smart GPS module with GSM connectivity. Suitable for any moving object like car, truck, boats
- Real Time Information on Ignition Status, Driver Identity, Fuel Consumption, Battery Voltage, Doors Open/Close

Vehicle Tracking Solution (GPS,GPRS & GSM Integration)

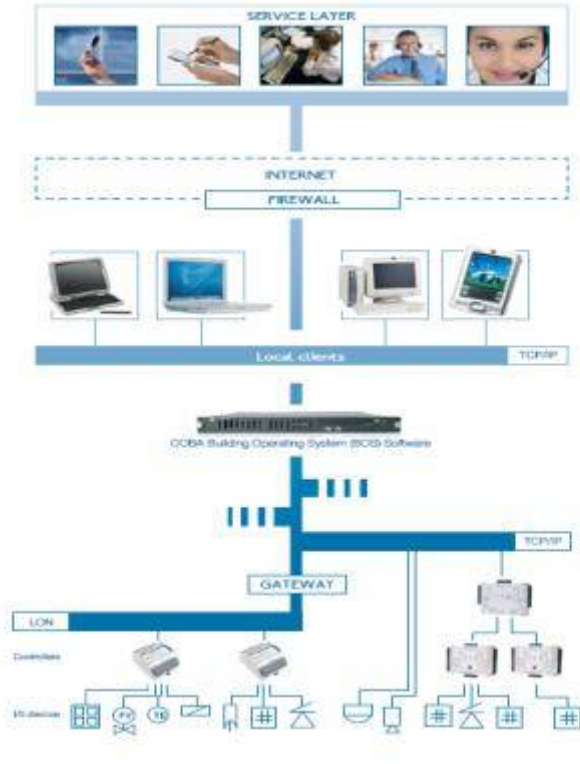

BMS & Smart Home Solutions

- ❑ There is a lot of clutter of systems, cabling, distributed control in buildings that do not plan proper building management systems resulting in waste of power, human hours and creates chaos.
- ❑ Smart Building provides complete control with simple interfaces to stakeholders even when they are on the go.
- ❑ Seamless Integration of Security, Automation, Lighting, HVAC etc.
- ❑ In Smart homes some additional lifestyle automation is added like Home Entertainment, Mood Lighting, House Plant Watering etc.

BMS & Smart Home Solutions

1. SERVICE LAYER
2. MANAGEMENT LAYER
3. CONTROL LAYER
4. FIELD LAYER

Speciality Solutions

■ RFID based Asset Tracking

1. Special tags for each class of assets (electrical, furniture, IT, books, tools, machines etc.)
2. Industrial PDA's with integrated RF Antenna for identification
3. Asset Management Software to manage asset registration, interdepartmental movement, stock taking, asset maintenance and other related info and historical data

■ Library Automation/Management

1. Complete automation solution for library management using RFID.
2. No human intervention for books issue & return.
3. Touch screen interfaces to search location and type of books searched for.
4. Anti-theft gate to control unauthorized access/pilferage.

■ Cattle/Zoo/Livestock Identification/Management

1. Injectible RFID tags for every livestock/companion animal category.
2. Animal friendly design (worlds smallest tags), high speed field readers.
3. 55 billion unique codes guarantying zero duplication
4. Cattle Management portal design for identification, medical records, pedigree, buying and selling.
5. Use of patented technologies for better read range and longer life

MANUFACTURER'S AUTHORIZATION FORM

Date: November 19, 2012

To: AMBUJA CEMENT LTD
Po. Ambuja Nagar,
Tal. Kodinar,
Dist. Junagadh,
Gujarat - 362715

Subject: _____

Cisco Systems International B.V., a corporation organized under the laws of the Netherlands having a place of business at Haarlerbergpark, Haarlerbergweg 13-19, 1101 CH Amsterdam, the Netherlands ("Cisco"), who is a provider of networking products and services, hereby confirms that, as of the date of this letter, eSec Security Consultants Pvt. Ltd. ("Reseller") wishes to participate in the Bid or Project stated above and has entered into an Indirect Channel Partner Agreement which entitles Reseller to do the following:

- (1) resell and/or distribute Cisco products and/or services in INDIA to end users within that territory;
- (2) bid, negotiate and conclude a contract with you for the above products/services manufactured or supplied by Cisco. The Reseller is an independent contractor and has no authority to commit and/or bind Cisco or its affiliates in any way.

Cisco will, within the scope of its agreement with its authorized channels, provide support and product warranty services for Cisco products obtained through its authorized channels.

Cisco has manufacturing facilities worldwide.

Cisco also confirms that it maintains a number of ISO certifications across its business and manufacturing operations, and product lines. Specific information is available at http://www.cisco.com/web/about/ac50/ac208/ac243/ac244/cisco_approach_to_quality_certifications_home.html.

Cisco products are capable of working under different environmental conditions. Details of environmental constraints are contained in applicable product data sheets available at http://www.cisco.com/en/US/products/ps10536/products_data_sheets_list.html.

If Partner is unable to maintain the Cisco supplied hardware/software/equipment, Cisco will help in identifying another authorized Cisco partner with similar certifications/capabilities.

If, due to any reason whatsoever, the Partner is no longer an authorized Cisco Partner, Cisco will help in identifying another authorized Cisco Partner with similar certifications/capabilities.

This Authorization shall be applicable as of the date appearing at the top of this letter and for six (6) weeks from such date.

If you need any additional information, please do not hesitate to contact HIREN SHAH at +91 9879549148. For more information about Cisco's channel partner program, please visit the following URL: <http://www.cisco.com/web/partners/index.html>.

Duly authorized to sign this authorization for and on behalf of: **Cisco Systems International B.V.**

SECURITY, AUTOMATION AND COMMUNICATION

Company Profile

Esec is a professionally managed venture operating in electronic and physical security systems consulting and integration market. It took birth with a vision to create an ongoing, solid and reliable organization with a customer centric approach.

As Security and Safety Consultants we specialize through our experience and knowledge over many years of vast exposure to various technologies, situations and organizations. Armed with the conviction of providing a transparent and detailed analysis by means of an audit to the client is our foremost goal.

As a system integration company, Esec strives to design, install and manage places, buildings and areas that are secured for people and assets. There is increasing threat to residential, commercial, industrial and public places. There are so many wasteful practices and inefficient workflow processes needing optimization.

Achieving excellence in everything that we do is not our desire, it is a need. We do not believe in pushing particular brand or company or product, we integrate products according to the requirement of every project. Every project is unique and it brings unique requirements and applications. We work as consultants to our clients keeping their interest as our topmost priority. Our Delivery Model goes through the following stages:

- 1. Detailed and Objective Security/Systems/Premises Audit**
- 2. Solution Proposal**
- 3. Systems procurement**
- 4. Installation and integration Services**
- 5. Training and Change Management**
- 6. Post Installation Support and Maintenance**
- 7. Modernization/Up gradation of existing systems**

We leverage on our channel partner/integration partner program with several proven brands to bring quality solutions and act as a single window and one stop service provider. We take up turnkey projects and manage our portfolio of clients very carefully. We design tailor made solutions as we are strictly against one size fits all approach.

Walking an extra mile for our customers is our habit. Our service offering includes but is not limited to the following:

- ✓ Video Surveillance
- ✓ Payroll and Access Control Management
- ✓ Gate/Door/Shutters Automation & Parking Management Systems
- ✓ Fire Detection & Control
- ✓ Intrusion Control/ Burglar Alarms
- ✓ Satellite/Wireless/Network Communications
- ✓ Gate/Perimeter Security & Control
- ✓ Vehicle Tracking Solution (GPS,GPRS & GSM Integration)
- ✓ BMS & Smart Home Solutions
- ✓ Speciality Solutions
 - RFID based Asset Tracking
 - Library Automation/Management
 - Cattle/Zoo/Livestock Identification/Management

eSec Security Consultants Pvt. Ltd.

Core Team:

Capt. Avinash Satapathy

Capt Avinash has served with the Indian Army and led teams at various conflict regions notably among them world's highest battlefield of Siachen Glacier. He brings with him invaluable experience of managing people, resources and crisis management. As a young officer in Indian Army, he had gone through a rigorous process of selection, training and on-field performance. After leaving Indian Army he has worked with RBI, the apex bank of the country and has been instrumental in modernizing and optimizing security processes to create a solid, redundant and proactive secured environment for the bank's critical buildings and premises. He was instrumental in creating the Disaster Management Plan and Upkeep of Fire Systems as per norms of Fire Department. Consequentially RBI Ahmedabad office was one of the first few High Rise Buildings in Ahmedabad to get NOC from fire department. At eSec, he leads functions like Security Audit, Solution Design, Human Resource, Marketing, Sales, key account management and Strategic Business Development.

Dhruv Pandya

Mr. Dhruv Pandya brings with him an interesting mix of diverse skills and experience. He has worked from executive to top management level positions in various organizations. His domain of experience includes Information Technology, BPO/KPO, Private Equity and Venture Funding, Real Estate, Movie Production etc. At Esec, he looks after functions like Legal/Compliance, Systems Training, Finance and Accounting, Operations, Vendor/Channel Partner Programs. His expertise in understanding the next generation technology and adapting quickly to integrate them in security systems is invaluable in Security Systems Integration.

Vijay Prajapati

Mr Vijay is a Masters in Network Systems (Swinburne University Of Technology, Australia) and BE (Electronics and Communication) by qualification. He is trained on the latest Security and Safety Equipment available in the field on technologies like IPCCTV, Wireless Communication Links, Intrusion systems and Fire Systems. His keen eye for details and knowledge of systems makes him an invaluable member of the core audit team.

Rakshit Patel

Mr Rakshit is a MSc(Physics) with extensive experience in designing and maintaining networking and wireless solutions. He has hands on experience in working with various multinationals in USA for six years before moving back to india. He has successfully evolved a firmware to work with wireless applications using video. With his practical knowledge and grassroots knowledge of networking systems he is able to design solutions for addressing specific requirements of clients.

M/s ESEC Security Consultants Pvt Ltd.
17, Amaltas Bungalows, Near Sandesh Press,
Vastrapur, Ahmedabad-382330

Dear Sir,

Supply & Installation of CCTV at NABARD TOWER, Usmanpura, Ahmedabad

With reference to the tender and subsequent letters submitted by you for the captioned work, we are pleased to advise that your tender has been accepted by us at the total cost of Rs.2,24,820/- (Rs. Two Lakh Twenty Four Thousand Eight Hundred and Twenty only).

(2) In this connection, it may please be noted that all the correspondence along with tender documents will form part of the contract document.

(3) The tender item No. 1 of Schedule-II of SOQ (i.e. Annual Maintenance Contract.) will remain valid for a period of 3 years from the expiry of warranty period at the revised rate of Rs. 22,874/- (Rs. Twenty Two Thousand Eight Hundred and Seventy Four only) per annum and formal agreement will be executed before commencement of Annual Maintenance Contract.

(4) The work should be completed within 20 days from the issue of the work order. The contractor shall not be entitled to sublet any portion of the contract except with the written consent of the employer. No advice of any change in specifications and conditions will be entertained in normal circumstances.

(5) The work should be undertaken as per the specifications mentioned in the tender documents and as directed by the Bank's officials. The work is awarded subject to the terms and conditions indicated in the tender document and conditions indicated below :

(a) The rates indicated in your BOQ of tender are final and include all taxes, service charges, VAT, Octroi, transportation, etc. No increase in rates will be considered under any circumstances.

(b) The payment will be made as per actual quantities of work done of each item. The payment will be released through the e-Payment system from any scheduled Bank subject to submission of the details of your account.

(c) Workmanship should be of high quality, otherwise no payment will be made. The contractor shall ensure compliance of stipulation of Contract Labour and Regulation & Abolition Act, 1970 and Minimum Wages Act.

(d) It is the responsibility of the contractor to remove the debris generated by the contractor, from the site and keep the site clean and also to take necessary safety measures at the time of execution of work. The site and other related areas should be thoroughly cleaned after completion of the work.

(e) The contractor is advised to obtain Bank's approval of material before procurement of the material required for the work. Bar chart should be prepared in consultation with our officials and submit the same to our office on acceptance of work order.

(f) The contractor is, further, advised to execute the agreement in the format as prescribed in tender document within a week time from the issue of this work order.

You are requested to submit a signed copy of this letter as a token of having accepted above terms and conditions of the order.

Yours faithfully

(B. Somaddar)
Asstt General Manager
